PROFILE

Ross Blau's practice involves counseling and litigation for mechanical devices, semiconductor technology, and both generic pharmaceutical products and biosimilar products. His practice also includes litigation on complex antitrust cases involving intellectual property-related issues, such as price fixing, sham litigation, inequitable conduct, and standard setting activity. Ross' experience also extends into copyright/trademark disputes and counseling regarding trade secrets. During law school, Ross authored portions of an amicus brief submitted to the U.S. Supreme Court in *Halo Elecs. Inc. v. Pulse Elecs. Inc.* and *Stryker Corp. v. Zimmer Inc.*

HONORS
