On November 3, Axinn antitrust practice chair [Mike Keeley](#) will speak on the “Competition Law Compliance in the World of Shifting Antitrust Enforcement and High Tech” panel at the International Bar Association’s Annual Conference, being held November 2-8 in Toronto.

Panelists will discuss how counsel are advising businesses to ensure compliance in an ever-changing environment — where antitrust laws are constantly evolving, regulatory and political shifts affect enforcement across jurisdictions, and advancing technologies introduce new complexities. The conversation will also address challenges surrounding document creation and management (including ephemeral communication platforms) and the evolving landscape of legal privilege.
