Axinn represented Mitchell | Genex, a leading provider of cost containment technology, clinical services, and disability management, in its acquisition of Coventry Workers' Comp Services from CVS Health (NYSE: CVS). Coventry Workers' Comp Services is a premier provider of care and cost management programs for workers' compensation and auto insurance carriers, third-party administrators, and self-insured employers. The deal, which was announced on March 2, 2020, will make Mitchell | Genex one of the country's premier workers' compensation and auto network providers. The deal closed on August 3, 2020. The Axinn team, which was led by partners John Harkrider and Nicholas Gaglio, and assisted by Melanie Kiser, helped to secure early termination and clearance by the DOJ.
